

Chellys Castillo

Date of birth: 2/11/1996 | **Gender:** Female | **Phone:** +57 320 9091854 | **Email:** chellys.castillo@gmail.com **Portfolio:** <https://chellys-portfolio-3d.vercel.app/> | **LinkedIn:** <https://www.linkedin.com/in/chellys-castillo/>

ABOUT ME

Front-end developer with end-to-end experience building web and mobile interfaces using React, React Native, and Vue. I combine pixel-perfect implementation and API integration with the design of scalable, reusable component systems for multidisciplinary and multicultural teams. I also serve as a web development mentor.

EXPERIENCE

FRONTEND DEVELOPER – WHALE DIGITAL (ANCLA PROJECT) Nov 2025 – Feb 2026 – Venezuela - Remote

- I designed a system of controlled form components with centralized validation (VeeValidate + Yup), adopted as the team standard to prevent duplication across modules.
- I built the core modules of the administrative dashboard from end to end.

FRONTEND DEVELOPER – WHALE DIGITAL (TRIPI, APP MOBILE) Ene 2026 – Feb 2026 – Venezuela - Remote

- I developed the entire mobile app in React Native solo, from start to finish, implementing the Figma design pixel-perfectly.
- I designed the complete architecture of controlled components and centralized validation, ensuring consistency across all app flows.

FRONTEND DEVELOPER – READYCHATAI Jul 2024 – Dic 2024 – Chicago, Illinois, EEUU - Remote

- I developed the frontend for the AI ReadyChatAI chatbot, collaborating with backend, frontend and mobile teams within a shared library of controlled components.
- I improved remote data handling via React Query and and real-time feedback with toast notifications.

PROJECTS

Eventezzer (co-founder)

A ticketing and event managing platform I co-founded, paticipating in product and arquitecture decisions. I Design a two layer component architecture (UI primitives + shared business layer), that was reused acroos the admin dashboard and public storefront.

Personal Portfolio — Three.js

I adapted and customized a Three.js/React portfolio template with my own content, fixing the assets loading and adding 3D models using Blender.

Compara Ya — Travel insurance quoting (MVP) Jul 2023 – Jun 2024

I implemented pixel o pixel the complete travel insurance quoting flow from Figma. I Developed the corporate content and coverage comparison modules, with a responsive end-to-end design, integrating Mapbox GL and Stripe/PayPal payments.

SKILLS

React | Next.js | Vue 3 | React Native | TypeScript | JavaScript (ES6+) | Redux Toolkit | Zustand | Pinia | TanStack Query | React Hook Form | VeeValidate | Yup | Tailwind CSS | Vuetify 3 | Bootstrap | SCSS | Framer Motion | GSAP | Three.js | Blender | Stripe | Mapbox GL | Axios | WebView | next-intl (i18n)

CERTIFICATIONS

JavaScript Algorithms and Data Structures | freeCodeCamp | **Learinng Mode:** On Line | **Link:** [See certificate](#) | 2023

Front End Development Libraries | freeCodeCamp | **Learning Mode:** On Line | **Link:** [See certificate](#) | 2023

Responsive Web Design | freeCodeCamp | **Learning Mode:** On Line | **Link:** [See certificate](#) | 2022

EDUCATION

English B2 | **Study Center:** Centro Venezolano Americano (CVA) | 2019

High school diploma in Data Processing | **Study Center:** San José Collegue, Venezuela | 2013
